# About Kerone

KERONE now renowned name in serving specialized need of customers with best quality and economical process Heating /cooling and drying products, manufactured in high quality environment by well trained and qualified workforce(special purpose machineries) .

KERONE is pioneer in application and implementation engineering with its vast experience and team of professionals. KERONE is devoted to serve the industry to optimize their operations both economically and environmentally with its specialized heating and drying solutions.

**“Enhance the value of customer operation through our customer need centric engineering solution”**

## *Mission*

- To enhance the value of customer operation through our customer need centric engineering solution.
- We are committed to provide our customers, unique and best in class products in Industrial heating, drying and cooling segment, with strategic tie-up for the technical know-how with renowned leader in the industry specific segment.

## *Vision*

- Turn into world leader in providing specialized, top-notch quality and ecological industrial heating, cooling and drying solution across the globe.
- To attain global recognition as best of quality and environment friendly engineering solution company.

# Introduction to CIP/SIP Systems

CIP (Clean-in-Place) systems offer the arrangement for cleaning/sterilizing the interior surfaces of vessels, equipment, filters, pipes and fittings, without disassembly them.

SIP (Steam-In-Place) Systems are liable for frequently steaming parts of product contact, vessels, flow paths, and sample ports. The CIP/SIP systems together works hand in hand for maintaining the desired level of hygiene, and continuously killing the germs.
