About Kerone

KERONE now renowned name in serving specialized need of customers with best quality and economical process Heating /cooling and drying products, manufactured in high quality environment by well trained and qualified workforce(special purpose machineries) .

KERONE is pioneer in application and implementation engineering with its vast experience and team of professionals. KERONE is devoted to serve the industry to optimize their operations both economically and environmentally with its specialized heating and drying solutions.

“Enhance the value of customer operation through our customer need centric engineering solution”

Mission

- To enhance the value of customer operation through our customer need centric engineering solution.
- We are committed to provide our customers, unique and best in class products in Industrial heating, drying and cooling segment, with strategic tie-up for the technical know-how with renowned leader in the industry specific segment.

Vision

- Turn into world leader in providing specialized, top-notch quality and ecological industrial heating, cooling and drying solution across the globe.
- To attain global recognition as best of quality and environment friendly engineering solution company.

Introduction to Conveyor Heating System

The team of engineers, designers and experts study the client's specific process requirement to develop the heating system that will best fit for the application requirement.

Conveyorized heating systems is designed at KERONE after studying appropriate conveyors sizing, drive systems, temperature and speed controls, structural, ductwork, air supply, air circulation and air evacuation.

We produce a wide range of Conveyor heating system.

- Horizontal Conveyor Ovens
- Surface Heating Systems
- Customized Heating Solutions
- Fuel Gas Heaters
- Process Heaters
- Drum Heating Ovens
