About Kerone

KERONE now renowned name in serving specialized need of customers with best quality and economical process Heating /cooling and drying products, manufactured in high quality environment by well trained and qualified workforce(special purpose machineries) .

KERONE is pioneer in application and implementation engineering with its vast experience and team of professionals. KERONE is devoted to serve the industry to optimize their operations both economically and environmentally with its specialized heating and drying solutions.

“Enhance the value of customer operation through our customer need centric engineering solution”

Mission

- To enhance the value of customer operation through our customer need centric engineering solution.
- We are committed to provide our customers, unique and best in class products in Industrial heating, drying and cooling segment, with strategic tie-up for the technical know-how with renowned leader in the industry specific segment.

Vision

- Turn into world leader in providing specialized, top-notch quality and ecological industrial heating, cooling and drying solution across the globe.
- To attain global recognition as best of quality and environment friendly engineering solution company.

Introduction to Flash Cure Dryers

KERONE is specialized in designing, manufacturing and export of various kind of Flash cure dryer to best fit your process. We are in manufacturing of both manual as well as automatic flash cure dryer that can best suited for the screen printing requirement, Flash cure dryers manufactured by KERONE is equipped with superior quality of lamp reflector module, digital temperature controller and hot air blowers.

These ensure long working life and high efficiency when used for process requirement.

Features

- Stainless steel screen covering element
- Insulated for maximum efficiency
- Adjustable height floor stand with rotating head
- strong Base with wheels for easy use (Wheels are Optional)
- Plugs into a standard wall outlet
- Superior quality of wiring system specially designed longer operating life
- Powder coated finish
