About Kerone

KERONE now renowned name in serving specialized need of customers with best quality and economical process Heating /cooling and drying products, manufactured in high quality environment by well trained and qualified workforce(special purpose machineries) .

KERONE is pioneer in application and implementation engineering with its vast experience and team of professionals. KERONE is devoted to serve the industry to optimize their operations both economically and environmentally with its specialized heating and drying solutions.

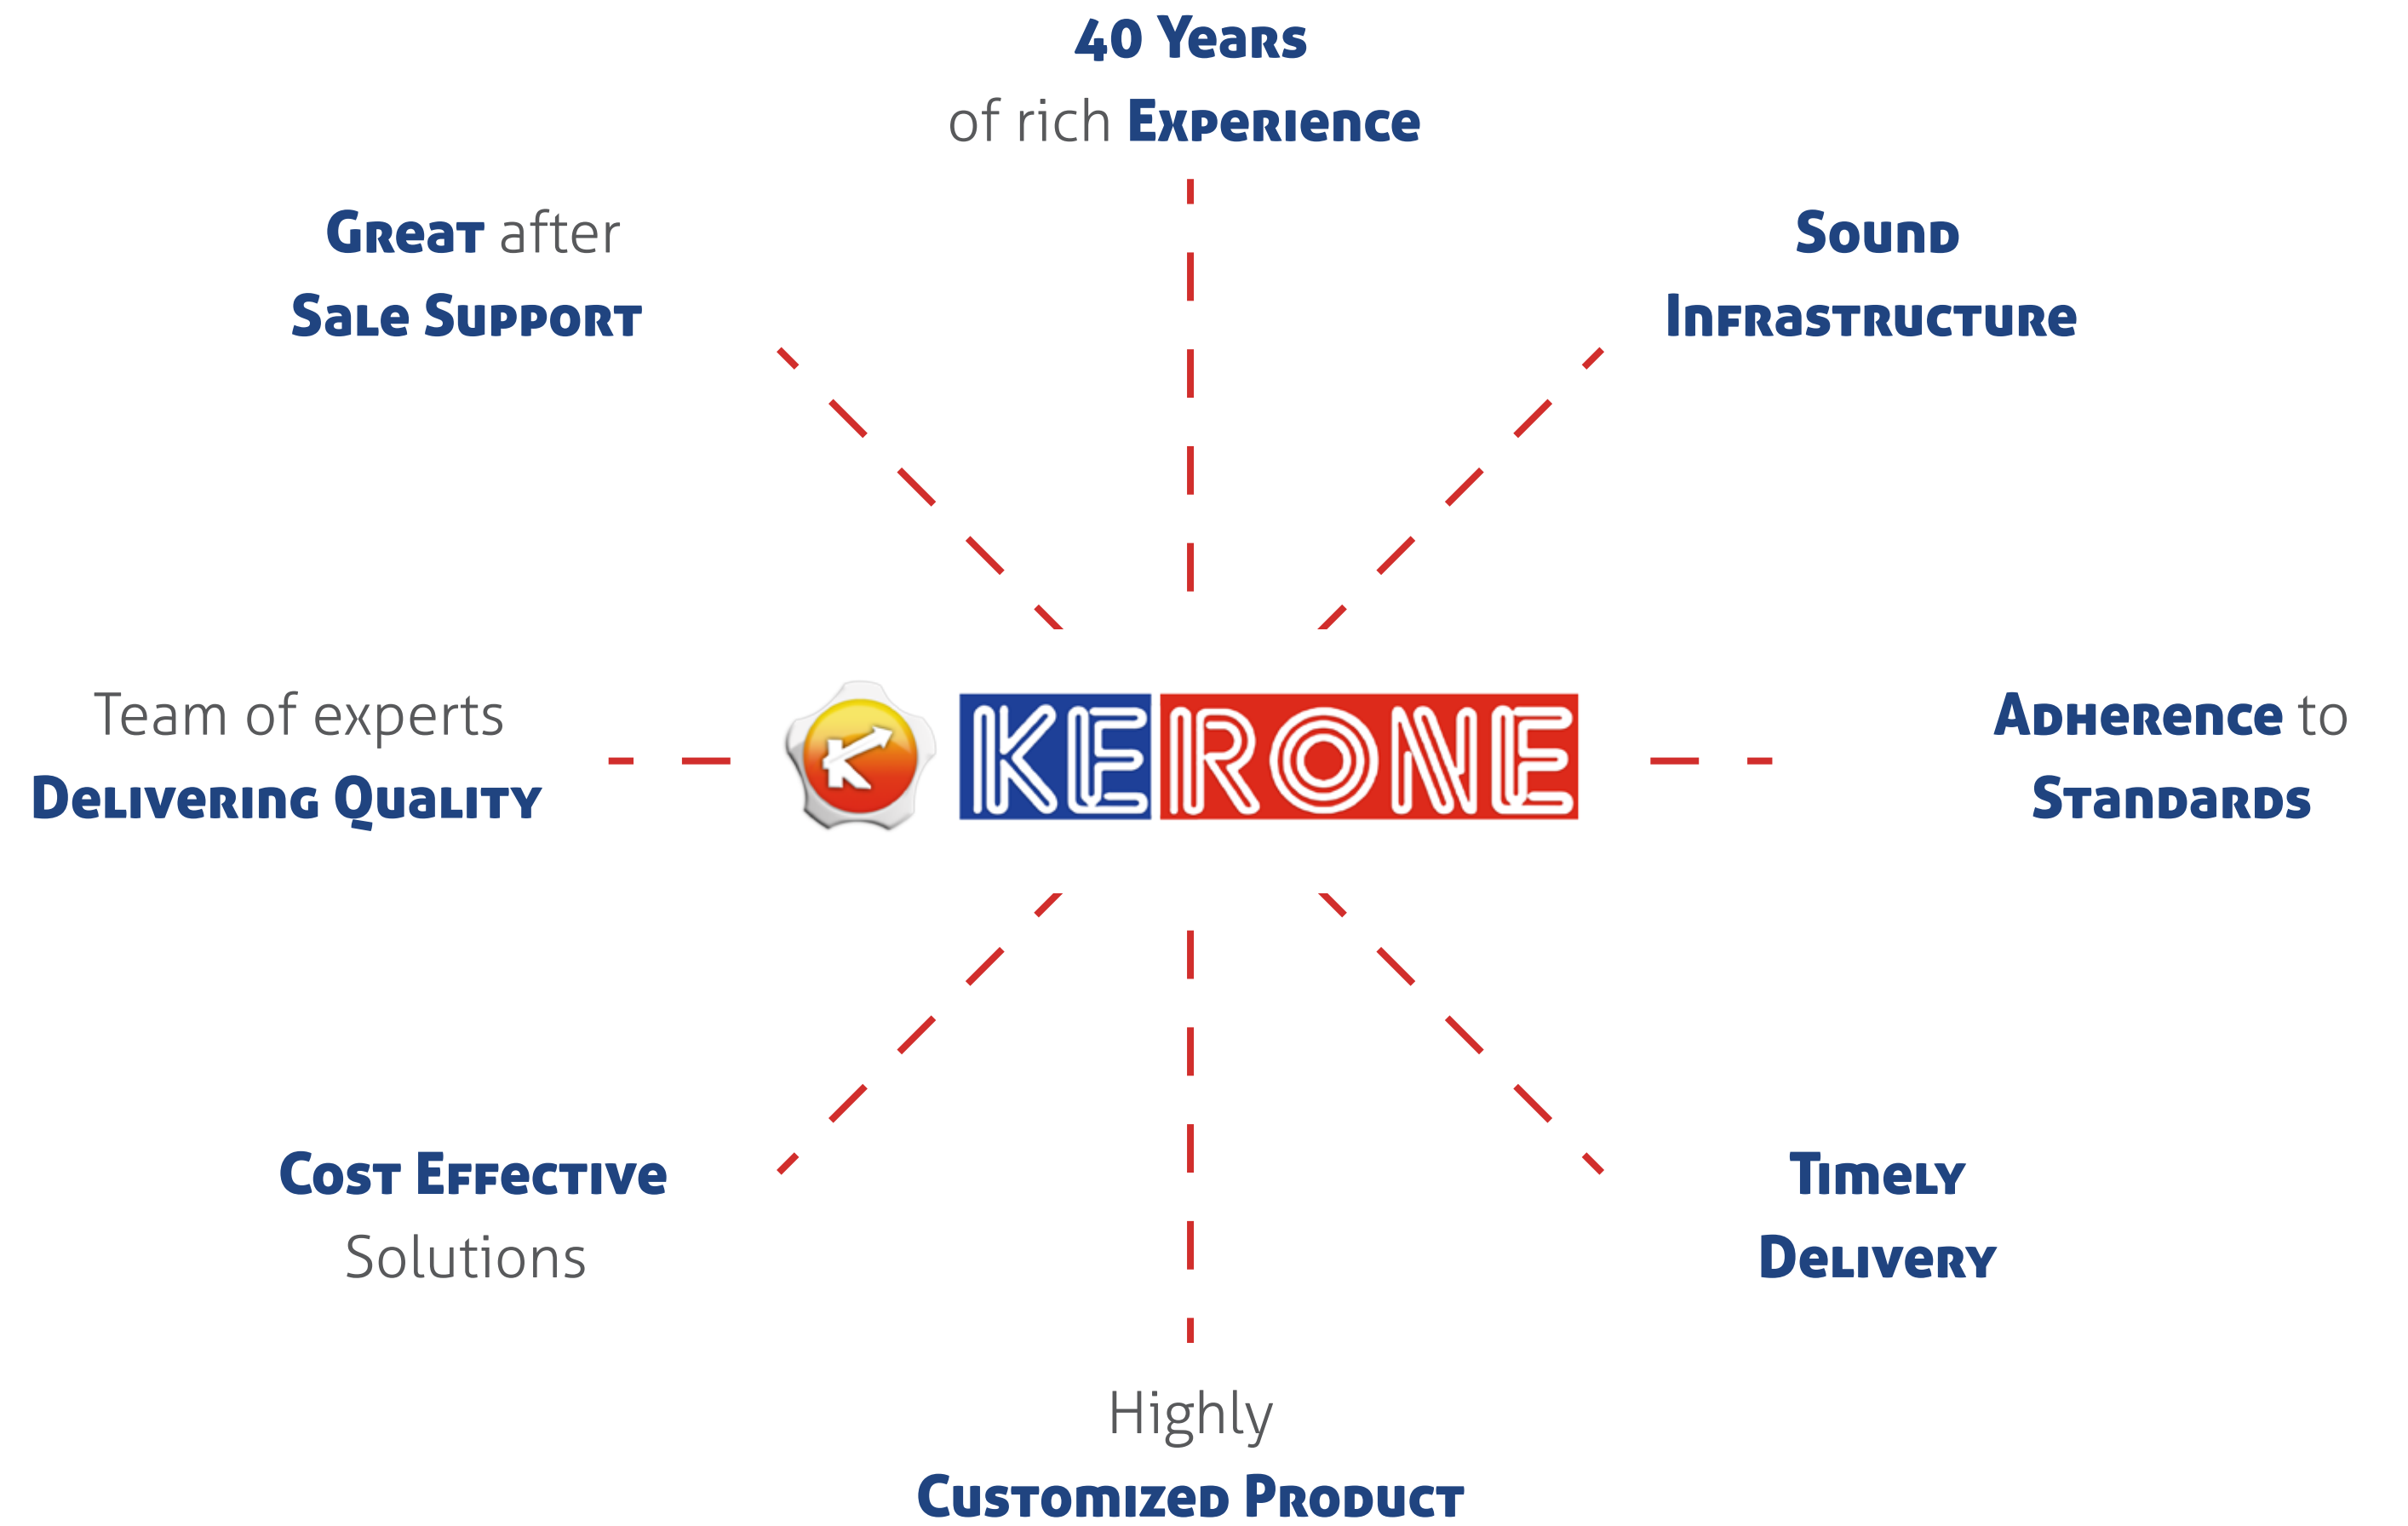

“Enhance the value of customer operation through our customer need centric engineering solution”

Mission

- To enhance the value of customer operation through our customer need centric engineering solution.
- We are committed to provide our customers, unique and best in class products in Industrial heating, drying and cooling segment, with strategic tie-up for the technical know-how with renowned leader in the industry specific segment.

Vision

- Turn into world leader in providing specialized, top-notch quality and ecological industrial heating, cooling and drying solution across the globe.
- To attain global recognition as best of quality and environment friendly engineering solution company.

Introduction to Infrared Cabinet

Umbrella Infrared dryer designed and manufactured at KERONE is one of its kinds for the open/ outdoor heating/ drying applications, the main advantage of the Umbrella type Infrared dryer is its Umbrella structure which enables the Infrared waves to direct on the material under the process.

The Umbrella is designed with such material that it should not absorb the Infrared waves emitted by the Infrared emitter placed under the Umbrella structure.

Umbrella of the Infrared Umbrella dryer works as director to the Infrared waves. Hence helps in achieving efficient heat transfer, even under the open/outdoor environment.
